

PRESS RELEASE

TRANS-BOUNDARY

a project by Betty Zanelli
music by Marco Visconti-Prasca

opening Saturday, April 29th, 2017 h. 19.00

at Büro für Bestimmte Dinge
Sonnenallee 147, Berlin – Neukölln

In an era that seems to toy viciously with the concepts of borders, limits, exclusion and even walls – either metaphorical or real, Betty Zanelli looks at the birds as those creatures who most naturally defy any limitation of space.

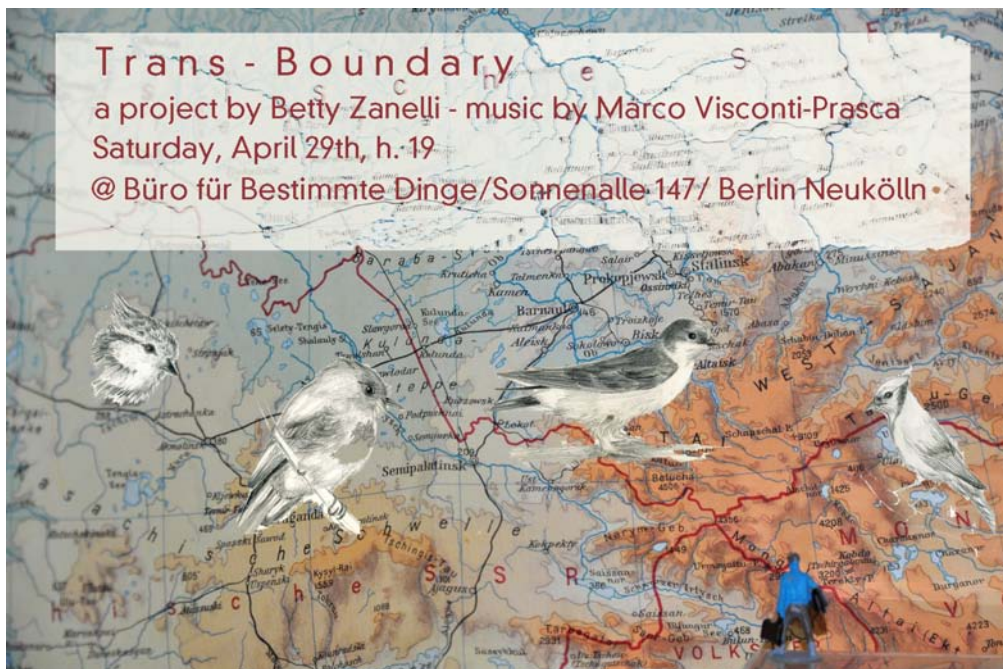

Even if we can trace their – the birds – migrations on our maps, a human way to encapsulate space, birds fly freely unaware of the borders we – the humans – draw on the maps.

The show, part of the I-A-M Berlin schedule, will be open from April 29th to May 1st, 2017 during the Berlin Gallery Weekend
